ABOUT US

Caribbean Transit Solutions

CTS is focused on providing Innovative Location Based Solutions to the Caribbean and beyond. In our quest to improve lives of our people and neighbours in the region, we leverage technology to create solutions to everyday transportation problems in the areas of fleet management, usage based insurance, buses and transit.

WHAT IS EASYTRAK

EasyTrak offers insurance companies and Fleet managers a platform which enables them to manage their portfolios and fleets more effectively. Our product focuses at improving the safety and security of vehicles, as well as pinpoint GPS locations, vehicle management, business intelligence, tailored analytics, customised alerts, accident reconstruction and much more.
